RULES OF PRACTICE OF THE PERRYSBURG MUNICIPAL COURT

PART 1. GENERAL

In accordance with the Rules of Superintendence for the Courts of Ohio, the following local rules have been adopted by the Municipal Court of the City of Perrysburg, Ohio to promote the administration of justice, to expedite and facilitate the disposition of cases, and to serve the public interest.

The Rules of Court set forth in Part 1, and bearing the designation "Rule 1. __", pertain to procedures applicable to all proceedings of this court in the exercise of its civil, criminal, and traffic jurisdiction. The following Rules are effective July 18, 2008. All former Rules and Amendments of this court are hereby revoked.

RULE 1.01 CITATION FORM

These rules of practice shall be known as the Perrysburg Rules of Court and each rule may be cited as "Perrysburg Rule" or "P.R.".

RULE 1.02 COURT RECORD BOOKS

- A. The court administrator shall maintain separate civil and criminal records and dockets as required by Ohio Revised Code Section 1901.31(E). Nothing in this rule prohibits recording and storage of the court's dockets and records by microfilming or computerization as permitted by law.
- B. The orders of the court in the dockets shall be validated by the original or facsimile signature of the judge. The dockets and the original papers filed shall be the final record of the cases of this court. The judge, or in her absence, one of the visiting or acting Judges, and the court administrator, shall authenticate records with their signatures, with the court's seal attached. Any forms and stamps used shall be authorized by the court.
- C. The court administrator may dispose of files of cases in accordance with Ohio Revised Code Section 1901.41.

RULE 1.03 RECORD OF PROCEEDINGS: COURT REPORTERS

- A. All court proceedings which are required to be recorded shall be recorded by a videotape machine with an audio back-up. A court reporter may be supplied upon the written request of either party or his counsel, provided such request is filed in writing at least five (5) court days prior to the trial. The reporter's costs shall be borne by the party requesting the same, who shall pay the costs directly to the reporter. In small claims cases, parties shall request audio tape recording of the hearing at least one day prior to the hearing. All forcible entry and detainer cases shall be recorded by videotape if available. If videotape is not available, these cases shall be recorded by audiotape. Parties appealing a decision of the trial court shall file a praecipe advising the court what portions of the record they wish transcribed. Once a fee is paid, the court will provide a videotape to the attorney or party as the certified transcript of the proceeding.
- B. All audio and videotapes will be maintained on file for a period of three (3) years. These tapes will be recycled after three (3) years unless there is an appeal pending.

RULE 1.04 COURT DECORUM

Everyone in the courtroom shall stand during the opening and closing of court. Proper attire is required of all persons entering the courtroom. The courtroom space inside the railings is reserved for officials, counsel, parties, and witnesses. The bailiff shall see that no one impedes or disrupts the orderly conduct of the business of the court.

RULE 1.05 MEDIA

For the purpose of these rules, the term "media recording" shall be understood to include broadcasting, televising, recording, or photographs. The term "trial" shall be understood to apply to any public hearing held by the court.

- A. Requests for permission for the broadcasting, televising, recording, or taking of photographs in the courtroom must be submitted on Motion Form 1.05, provided in this section. Such form shall be presented to the judge before the scheduled time of commencement of the proceeding. The motion and the judge's ruling shall be made a part of the record of the proceedings. In the event of a continuance of a trial for a period of more than thirty (30) days, a new application shall be required.
- B. The judge presiding at the trial or hearing shall permit the broadcasting or recording by electronic means and the taking of photographs only where he/she determines that to do so would not distract the participants, impair the dignity of the proceedings, or otherwise materially interfere with the achievement of a fair trial.
- C. The judge, after consultation with the media, shall specify the place or places in the courtroom where the operators and equipment are to be positioned.

- D. The filming, videotaping, recording, or taking of photographs of victims or witnesses who object shall not be permitted.
- E. All pooling arrangements are the responsibility of the media representatives. Television stations and radio stations must decide which of them will cover the proceedings and only one of each may then cover any one proceeding. The newsprint media must decide which of them will cover the proceedings for photographic coverage, and only one photographer may then be allowed in the courtroom at any one time. Such arrangements shall be made without involving the court. If any disputes arise, the judge may exclude all contesting media representatives.
- F. Upon failure of any media representative to comply with the conditions prescribed by the judge or the Superintendence Rules of the Supreme Court, the judge may revoke the permission to broadcast or photograph the trial or hearing.

G. LIMITATIONS

1. Media representatives must be in designated areas before court convenes and may leave only during a recess, lunch break, or afternoon adjournment.
2. Media representatives are responsible for providing their own equipment, including sufficient equipment leads, to ensure they are able to be stationed in the designated location.
3. Only existing lighting within the courtroom may be used.
4. Use of more than one portable television, videotape, or movie camera with one operator shall be allowed only with the permission of the judge.
5. Still photographers shall be limited to two cameras with two lenses for each camera.
6. For radio broadcast purposes, not more than one audio system shall be permitted in court. Where available and suitable, existing audio pickup systems in the court facility shall be used by the media. If existing audio pickup systems are not available, microphones and other electronic equipment necessary for the audio pickup shall be as inconspicuous as possible but shall be visible.
7. Visible audio recording equipment may be used by news media reporters with the prior permission of the judge.
8. Any equipment which is nonportable shall be set up and ready for operation prior to the commencement of court sessions. In no event shall persons be permitted to bring equipment into the courtroom during trial unless such equipment can be easily carried by a single person and without causing a distraction or disturbance.

9. No media recording of proceedings in the judge's chambers or accesses shall be permitted except with the express permission of the judge. No media recording shall be permitted in the jury deliberation room at any time during the course of trial or after the case has been submitted to the jury. No pictures of jurors may be taken at any time.
10. Audio equipment shall be so controlled that it will not pick up conferences or conversations between counsel and client or between counsel and the judge at the bench.
11. The judge, counsel, and witness shall not address any remark to the media when the court is in session. In all respects, the trial shall proceed in exactly the same manner as though there was no media recording in the process.
12. No media recording shall be made of any document or exhibit before or after such document or exhibit is admitted into evidence, except those which are clearly visible to spectators; e.g., maps, charts, blackboards.
13. The judge shall inform victims and witnesses that they have the right to object to being recorded or photographed.

RULE 1.06 FILING REQUIREMENTS AND SERVICE OF COURT PAPERS

The provisions of this local rule are adopted under Civ.R.5 (E)

- A. All papers filed with the court administrator shall be originals or legible copies, handwritten in ink or typewritten, on 8 1/2 x 11 inch paper. Filings consisting of more than one sheet of paper shall be securely fastened together. The clerk will not accept for filing any document placed in a plastic binder or other covering.
- B. No written complaint, motion (except motion for continuance), brief, memorandum of law, or proposed journal entry shall be accepted by the court administrator or deputy clerk for filing unless the same is filed in duplicate and indicates the name, address, phone number, facsimile number, and e-mail address (where applicable) of the attorney filing same, as well as the responsible attorney's Supreme Court registration number. The court administrator must also be supplied with a list of the correct mailing addresses, including zip codes, for all parties and counsel. Pleadings which do not conform to this rule may be ordered stricken by the court.
- C. Neither written motion nor any other request for relief shall be accepted by the court administrator unless the same is accompanied by a proposed order.
- D. In a civil case, plaintiff or plaintiff's attorney shall file with the complaint as many copies as there are defendants to be served with a summons. A party may extend for twenty-eight (28) days the time required to file a response to a complaint, a counterclaim, cross claim, or third-party complaint if written application is made to the court administrator beforehand. Additional extensions of time may be granted by the court pursuant to Rule 6(B) of the Ohio Rules of Civil Procedure (or by written stipulation of the parties).
- E. Service shall be made in accordance with the applicable Ohio Rule of Procedure, whether civil or criminal. In civil cases, the bailiff will be the usual process server when court orders must be personally served.
- F. FACSIMILE FILINGS

The court will accept the facsimile filing of motions and other documents which are relevant to, but do not initiate, the underlying action. This applies to all matters before the Perrysburg Municipal Court. The Court Administrator shall maintain a dedicated phone line of (419) 872-7905 to accept facsimile filings.

A document filed by fax shall be accepted as the effective original filing. The person making a fax filing need not file any source document with the court administrator, but must, however, maintain in his or her records and have available for production on request by the court the source document filed by fax, with original signatures as otherwise required under the applicable rules, together with the source copy of the facsimile cover sheet (example Form 1.06A follows this Rule) used for the subject filing. The source document filed by fax shall be maintained by the person making the filing until the case is closed and all opportunities for post judgment relief are exhausted.

1. DEFINITIONS - As used in these rules,

A “facsimile transmission” means the transmission of a source document by a facsimile machine that encodes a document into optical or electrical signals, transmits and reconstructs the signals to print a duplicate of the source document at the receiving end.

A “facsimile machine” means a machine that can send and receive a facsimile transmission.

“Fax” is an abbreviation for “facsimile” and refers, as indicated by the context, to facsimile transmission or to a document so transmitted.

2. COVER PAGE

The person filing a document by fax shall also provide therewith a cover page containing the following information (example Form 1.06A follows this Rule):

- a. the name of the court;
- b. the title of the case;
- c. the case number;
- d. the assigned judge;
- e. the title of the document being filed (e.g. Plaintiff Smith’s Response to Defendants’ Motion to Dismiss);
- f. the date of transmission;
- g. the transmitting fax number;
- h. an indication of the number of pages included in the transmission, including the cover page; and
- i. the name, address, telephone number, fax number, Supreme Court registration number, if applicable, and e-mail address of the person filing the fax document if available.

If a document is sent by fax to the court administrator without the cover page information listed above, the court administrator may, at her discretion:

- a. Enter the document in the case docket and file the document; or
- b. Deposit the document in a file of failed faxed documents with a notation of the reason for the failure; in this instance, the document shall *not* be considered filed with the court administrator.

The court administrator is not required to send any form of notice to the sending party of a failed fax filing. However, if practicable, the court administrator may inform the sending party of a failed fax filing.

3. SIGNATURE

A party who wishes to file a signed source document by fax shall either:

- fax a copy of the signed source document;
- fax a copy of the document without the signature but with the notation “/s/” followed by the name of the signing person where the signature appears in the signed documents.

A party who files a signed document by fax represents that the physically signed source document is in his/her possession or control.

4. EXHIBITS

Each exhibit to a facsimile produced document that cannot be accurately transmitted via facsimile transmission for any reason must be replaced by an insert page describing the exhibit and why it is missing. Unless the court otherwise orders, the missing exhibit shall be filed with the court, as a separate document, not later than five (5) court days following the filing of the facsimile document. Failure to file the missing exhibits as required by this paragraph may result in the court striking the document and/or exhibit.

Any exhibit filed in this manner shall be attached to a cover sheet containing the caption of the case which sets forth the name of the court, title of the case, the case number, name of the judge, and the title of the exhibit being filed (Example Form 1.06B follows this Rule), and shall be signed and served in conformance with the rules governing the signing and service of pleadings in this court.

5. TIME OF FILING

Subject to the provisions of these rules, all documents sent by fax and accepted by the court administrator shall be considered filed with the court administrator as of the date and time the court administrator time-stamps the document received, as opposed to the date and time of the fax transmission. However, the fax machine will be available to receive facsimile transmission of documents on the basis of 24 hours per day seven days per week including holidays. The office of the court administrator will be deemed open to receive facsimile transmission of documents on the same days and at the same time the court is regularly open for business, Monday through Friday, 8:00 a.m. through 4:30 p.m. eastern standard time. Any facsimile filings received by the court after 4:30 p.m. eastern standard time will be file stamped the next business day.

Fax filings may NOT be sent directly to the court for filing but may only be transmitted through the facsimile equipment operated by the court administrator. The court administrator may, but need not, acknowledge receipt of a facsimile transmission. The risks of transmitting a document by fax to the court administrator shall be borne entirely by the sending party. Anyone using facsimile filing is urged to verify receipt of such filing by the court administrator through whatever technological means are available.

6. FEES AND COSTS

No document filed by facsimile that requires a filing fee shall be accepted by the court administrator. The Perrysburg Municipal Court will only accept facsimile filing of motions and other documents which are relevant to, but do not initiate, the underlying action.

7. LENGTH OF DOCUMENT

Facsimile filings shall not exceed ten (10) pages in length. The filer shall not transmit service copies by facsimile.

8. EFFECTIVE DATE

These local rules shall be effective November 1, 2004, and shall govern all proceedings in actions brought after they take effect and also further proceedings in pending actions, except to the extent that, in the opinion of the court, their application in a particular action pending on the effective date would not be feasible or would work an injustice, in which event, the former procedure applies.

B. GOALS OF JURY MANAGEMENT

1. These rules are intended to ensure that:
 - a. Qualified Wood County residents within the court's jurisdiction meet their obligation to serve as jurors when summoned;
 - b. Persons will not be excluded from prospective jury service because of improper or illegal discriminatory practices including, but not limited to, those matters related to race, national origin, gender, or age; and
 - c. Every reasonable accommodation is made to secure the comfort and peace of mind of the jurors including, but not limited to, the following:
 - (1) Prospective jurors shall be informed of their duties and responsibilities prior to a call to service.
 - (2) Jurors shall be summoned as necessary for the administration of justice.
 - (3) The court will provide special accommodations for disabled prospective jurors who request such services in advance.

C. JURY ELIGIBILITY

1. All persons are eligible to serve on a jury except those who:
 - a. Are less than 18 years of age;
 - b. Are not residents of the Perrysburg Municipal Court jurisdiction;

 - d. Are not able to communicate in the English language; and/or
 - e. Have been convicted of a felony and have not had their civil rights restored.

2. All reasonable efforts shall be made to accommodate prospective physically handicapped jurors who have special needs.

D. PROCEDURE FOR OBTAINING ANNUAL JURY LIST

1. In the month preceding the annual jury year, as determined by the court from time to time, the court administrator shall request from the Wood County Board of Elections to select such number of prospective jurors as the court may determine is needed by the use of automated data processing.
2. The names of potential jurors shall be randomly obtained from a list provided by the Wood County Board of Elections containing the most recent names and addresses of registered voters in the Perrysburg Municipal Court jurisdiction. The procedure shall provide for the retention of names of persons selected but not used as jurors, the printing of venires containing the names and addresses of the persons drawn, and reasonable safeguards against unlawful tampering or activation of the automated system. The list of required number of persons eligible to serve as jurors shall be compiled by the Wood County Board of Elections and shall be known as the Annual Jury List.
3. A duplicate of said Annual Jury List shall be certified by the Wood County Board of Elections and filed in the office of the court administrator of Perrysburg Municipal Court. The Wood County Board of Elections may, by order of the court, add to said list or enter on a supplementary list the names of persons who shall thereafter be qualified to serve as jurors.

E. PROCEDURE FOR SUMMONING JURORS

1. Appropriate management techniques shall be used to adjust the number of individuals summoned for jury duty and the number assigned to jury panels.
2. The Wood County Board of Elections shall randomly draw from the annual jury list the names of sufficient jurors to satisfy the needs of the court for the subsequent year.
3. The court's bailiff shall notify by ordinary mail prospective jurors of their selection for jury service and their requirement to respond. The notice to prospective jurors shall specify the period for which the juror was selected. The prospective jurors shall be given a telephone number to obtain answers to any questions and a trial verification number to use the day before the juror is scheduled to come to court.
4. Jurors for civil and criminal cases shall be chosen and summoned by the court administrator as provided by law. When a jury of eight or less is demanded, then at least fifty (50) qualified electors from within the territorial jurisdiction of the court are required as a venire.

5. If there are not enough persons to constitute the required panel, the court may order the panel filled from the bystanders, from among citizens within the territorial jurisdiction of the court, or may order additional jurors from the court administrator.
6. A notice shall be sent by the court administrator before a scheduled trial with the date, time, and location of the juror's required attendance, as well as information on parking facilities.
7. Departures from the random selection procedures may occur only when by reason of challenges or other causes; e.g., there are not enough jurors present to make up a jury panel.
8. Persons summoned for jury service shall be paid a reasonable fee for each one-half or full day. A full day is defined as a day of service from 8:00 a.m. to 5:00 p.m. Any time served by a juror after 5:00 p.m. is considered another half-day.

F. EXEMPTIONS, EXCUSES, AND DEFERRALS FROM JURY SERVICE

1. There are no exemptions from jury service. Eligible persons who are summoned for jury service may be excused from jury service by presenting a letter from a physician stating the reason why the individual is not mentally or physically capable of jury service. Excuses from jury service because of an unusual continuing hardship to oneself or to others may be granted by the court.
2. Deferrals for jury service to another period within the same jury year may be permitted by the judge for good cause shown.

G. VOIR DIRE

1. The trial judge may give the jurors preliminary instructions of law before the voir dire examination.
2. The trial judge shall conduct a preliminary voir dire examination and counsel then shall be permitted to question the panel for a reasonable period of time set by the judge. To ensure that the privacy of prospective jurors is reasonably protected, voir dire regarding personal or sensitive matters may be conducted in the judge's chambers.
3. To reduce the time required for voir dire, basic background information contained on any juror questionnaire shall be made available to counsel in writing on the day on which jury selection is to begin. This background information shall be handled in a manner to ensure privacy. When prospective jurors are initially sworn, the oath shall also indicate that the answers to any jury questionnaire are true.
4. Voir dire examination shall be limited to matters relevant to a determination of whether a particular juror can be fair and impartial. Counsel shall not be permitted to inquire of the

- jurors as to any legal issue, ask jurors argumentative or hypothetical questions, or elicit assurances.
5. In criminal cases, the voir dire process shall be held on the record. In civil cases, the voir dire process shall be held on the record unless waived by the parties.
 6. If the judge determines during the voir dire process that any individual is unable or unwilling to hear the particular case at issue fairly and impartially, that individual shall be removed from the panel. Such a determination may be made on motion of counsel or by the judge.
 7. The exercise of peremptory challenges shall be in accordance with the Ohio Revised Code, Civil Rules, and Criminal Rules.

H. JURY ORIENTATION

1. Jurors shall report for orientation on the date and time stated in the summons unless otherwise directed. Orientation shall be conducted by the judge in open court on the record.
2. The trial judge shall give instructions directly following empanelment of the jury to explain the jury's role; the trial procedures including questioning by the jurors, the nature of evidence and its evaluation, the issues to be addressed, and the basic relevant legal principles. Prior to the commencement of deliberations, the trial judge shall instruct the jury on the law, on the appropriate procedures to be followed during deliberations, and on the appropriate method for reporting the results of its deliberations. The trial judge, within his or her discretion, may make available to the jurors such written instructions during deliberations.
3. Upon appearance for service, all prospective jurors shall be placed under the supervision of assigned personnel and shall direct any questions or communications to such court personnel for appropriate instruction.
4. All communications between the judge and the members of the jury panel, from the time of reporting to the court through dismissal, shall be committed to writing or placed on the record in open court. Counsel for each party shall be informed of any communication, and shall be given the opportunity to be heard as to such communication. Under no circumstances shall counsel, a party, or other witnesses have any contact with jurors.
5. All jury deliberations shall be conducted in the jury deliberation room. The deliberation room shall include space, furnishings, and facilities conducive to reaching a fair verdict. Court personnel shall endeavor to secure the safety of all prospective jurors, and shall arrange and conduct all activities so as to minimize contact between the jurors, parties, counsel, and the public. Upon the commencement of deliberations, all jurors shall remain in the care of court personnel and shall not be permitted to leave the court without permission. Upon reaching a verdict, all jurors shall return to the courtroom where the

verdict or verdicts shall be read in open court. Upon the reading of the verdict in criminal cases, either party may request that the jury be polled.

6. Before dismissing a jury at the conclusion of a case, the trial judge shall release jurors from their duty of confidentiality, explain their rights regarding inquiries from counsel or the press, and advise them that they are discharged from service.

I. SATISFACTION OF JURY SERVICE OBLIGATION

1. Once an individual has been sworn as a juror, he/she is discharged of all obligations for the balance of that jury year. Any person may appeal to the court from any order of a magistrate entered under the authority of the previous paragraph by filing a motion to set the order aside, stating the party's objections with particularity. The motion shall be filed no later than ten (10) days after the magistrate's order is entered. The pendency of a motion to set aside does not stay the effectiveness of the magistrate's order unless the magistrate or the court grants a stay. The magistrate shall promptly conduct all proceedings necessary for decision of referred matters in civil and small claims cases. The magistrate shall prepare, sign and file a magistrate's decision of the referred matter with the clerk. Findings of fact and conclusions of law are not required unless requested by a party under Rule 52 or otherwise required by law or the court.

If any party timely filed objections, then any other party may also file objections not later than ten (10) days after the first objections are filed. If a party makes a request for findings of fact or conclusions of law under Civil Rule 52, the time for filing objections begins to run when the magistrate files a decision including findings of fact and conclusions of law. The filing of objections shall operate as an automatic stay of execution of the judgment until the court rules on the objections.

The magistrate may enter pre-trial orders without judicial approval which are necessary to regulate the proceedings and are not dispositive of a claim or a defense of a part.

Any person may appeal to the court from any pre-trial order of a magistrate entered under the authority of the previous paragraph by filing a motion to set the order aside, stating the party's objections with particularity. The motion shall be filed within fourteen (14) days after the magistrate's order is entered. The pendency of a motion to set aside does not stay the effectiveness of the magistrate's order unless the magistrate or the court grants a stay. A party's failure to appeal does not preclude review of the order on objections to the magistrate's decision.

The magistrates shall promptly conduct all proceedings necessary for decision of referred matters in criminal cases.

Within fourteen (14) days after the filing of a magistrate's decision, a party may file written objections thereto. If any party timely files objections, any other party may also file objections no later than ten (10) days after the first objections are filed. All orders of the magistrate shall be in writing, signed by the magistrate and identified as a magistrate's order in the caption. The magistrate shall prepare reports of his work, recommendations and orders as directed by the court.

The proceedings before the Magistrate shall be in accordance with the Ohio Rules of Civil and Criminal procedure, the Ohio Traffic Rules, any applicable statutes, and the Rules of the Court, as if before the court.

In cases of contempt in the presence of the magistrate, the magistrate may impose an appropriate civil or criminal contempt sanction. Contempt sanctions may be imposed only by a written order that recites the facts and certifies that the magistrate saw or heard the conduct constituting contempt. The contempt order shall be filed and a copy provided by the clerk to the appropriate judge of the court. The contemnor may by motion obtain immediate review of the magistrate's order by a judge, or the judge or magistrate may set bail pending judicial review.

Upon written demand for a trial by jury, the clerk shall cause notice to be sent to the proposed venire. PART 4. MEDIATION

RULE 4.01

Through Local Rule 4 the Perrysburg Municipal Court incorporates by reference the R.C. 2710 "Uniform Mediation Act" (UMA) and Rule 16 of the Supreme Court of Ohio Rules of Superintendence.

RULE 4.02 DEFINITIONS

"Mediation" means any process in which a mediator facilitates communication and negotiation between the parties to assist them in reaching a voluntary agreement regarding their dispute.

"Mediator" means any neutral and impartial individual who conducts a mediation pursuant to an order of this Court.

RULE 4.03 DOMESTIC VIOLENCE

No case involving domestic violence shall be mediated.

RULE 4.04 REFERRAL TO MEDIATION

All civil small claims cases may be referred to mediation. All small claim cases shall be reviewed by the judge or his designee for referral to mediation. Mediation is voluntary and non-binding; however, the parties are strongly urged to participate in the mediation process. The court may issue an order to refer case to mediation on its own motion or upon the motion of counsel.

Before the initial pre-trial conference in a case, legal counsel shall discuss the appropriateness of mediation with their clients and with opposing counsel. At the initial pre-trial conference the parties and counsel shall advise the court of the results of their discussions concerning mediation. At that time and at subsequent conferences, if necessary, the court may explore with the parties and counsel the possibility of using mediation.

A party opposed to either the referral or the appointed mediator must file a written objection with the court, with copies to all parties, within seven (7) days of receiving notice of mediation and explain the reasons for any opposition. A party may withdraw from the mediation program upon application to and approval from the judge or magistrate provided written notification is given to all parties prior to the mediation.

RULE 4.05 COST

Mediation services are provided through this court at no cost to the public. The mediation procedure is generally voluntary, but because this court's mediation program operates on a post-filing basis, it is

necessary for all parties involved to consent to mediation. Post-filing simply means that all mediation cases originate from the filing of a small claim or civil complaint. The only fee charged is the filing fee at the time of filing the complaint. There is no additional fee for mediation. If the dispute is not settled in this manner, the claimant has lost nothing, and the case is referred back to the court for hearing or trial. If the case does settle at mediation, the inconvenience of a full-scale trial for claimant, respondent, and their respective witnesses is avoided. In addition, both sides win with neither side risking the loss of having the judge decide against them, saving the expense of attorney fees, and the time, effort, and money that could be spent gathering evidence.

RULE 4.06 MEDIATION CASE SUMMARY

Upon scheduling of the mediation, each party shall submit to the mediator a summary of facts and circumstances of the dispute together with any arguments in support of their respective positions. The parties shall promptly provide whatever additional information and materials they deem desirable to aid the mediator in understanding the dispute. The mediator may request the parties to provide clarification or additional information.

Attorney representation is not necessary, but all parties have the right to have an attorney present to advise them in the mediation. Parties may also designate other individuals to accompany them and participate in mediation.

RULE 4.07 COMMUNICATION

Unless otherwise agreed, the mediator is free to meet and communicate separately with each party. The mediator will decide when to hold separate meetings with one or more of the parties and when to hold joint meetings. The mediator will fix the time and place of each session and the agenda in consultation with parties.

RULE 4.08 CONFIDENTIAL

The mediation process is confidential. All mediation communications are privileged as described in Ohio Revised Code 2710.03-2710.05. The mediator will not convey information received from any party to another party without authorization. The parties and mediator will not disclose information regarding the process, including settlement terms, to others unless the parties otherwise agree. The parties and mediators will, however, furnish information concerning the mediation for purposes used solely to evaluate and improve the program. Information furnished for this purpose will not contain the names of the parties or the issues involved in any dispute and will be kept confidential except to the extent necessary to evaluate the program.

The mediation process shall be considered a compromise negotiation for purposes of the Federal Rules of Evidence and State Rules of Evidence. The mediator is disqualified as a witness, consultant, or expert in any pending or future action relating to the dispute between the parties, including actions between persons not parties to the mediation.

RULE 4.09 NO ADVICE

The efforts of the mediator shall not be construed as giving legal advice. The Court may have materials for legal or other support services available in the community. The mediator is authorized to provide such resource information; however, such distribution shall not be construed as a recommendation of or referral to such resource. The recipient of that information is charged with the duty to evaluate those resources independently.

RULE 4.10 CONTINUANCES

Continuances shall be granted only for good cause shown and after a mutually acceptable future date has been determined. No continuance will be granted if the mediation cannot be scheduled prior to the final pretrial.

RULE 4.11 NO STAY OF PROCEEDINGS

All remaining court orders shall remain in effect. No order is stayed or suspended during the mediation process.

The parties will refrain from commencing or pursuing additional further court proceedings during the mediation process, insofar as they are able to do so without prejudicing their legal rights.

RULE 4.12 LIMITED DISCOVERY

When the parties agree, limited discovery may be conducted under the supervision of the mediator and in accordance with the schedule approved by the mediator.

RULE 4.13 MEDIATOR REPORT

The mediator shall inform the Court in compliance with R.C. 2710.06 who attended the mediation, whether the case settled, and whether efforts to settle the case through mediation are being continued or if the case is being returned to the Court for further proceedings. No other information shall be directly or indirectly communicated by the mediator to the Court, unless all who hold a mediation privilege, including the mediator, have consented to such disclosure. The mediator shall keep mediation communications confidential, unless all who hold a mediation privilege, including the mediator, have consented to such disclosure.

RULE 4.14 SETTLEMENT AGREEMENT

If a settlement is reached, the mediator will write a settlement agreement listing all the settlement terms. The document shall be signed by the parties and the mediator. If the agreement calls for a

money judgment or other action, the appropriate document shall be signed by the parties and reported to the judge for final disposition.

RULE 4.15 ADMINISTRATIVE DISMISSAL

If the parties fail to dismiss a settled case within the later of sixty (60) days or the time noted in the entry that gave the Court notice of the settlement, then the Court may dismiss the case administratively.

PART 5. PUBLIC ACCESS RULES

Refer to Sup. R. 44 through 47.

The foregoing rules of the Perrysburg Municipal Court shall become effective January 1, 2015.

Judge Mary "Molly" L. Mack
